

"Asphalt - Delivering Value Through Quality and Sustainability"

Asphalt Pavement Association of Michigan 54th Annual Asphalt Paving Conference

**February 9-10, 2010
Soaring Eagle Casino & Resort
Mt. Pleasant, Michigan**

"Asphalt - Delivering Value Through Quality and Sustainability"

"Asphalt - Delivering Value Through Quality and Sustainability"

Tuesday, February 9, 2010

1:00 - 7:00 p.m.

Registration Open

Registration will be open for assistance with your conference needs.

2:00 - 7:00 p.m. - Swan Creek/Saginaw Rooms

Trade Show Open

Support our Exhibitors by stopping in and introducing yourself and see the latest in products and services for the HMA Industry.

Educational Sessions:

2:00 - 2:45 p.m. - Black River Room

CQP Session - Plant Operations

Efficient asphalt plant operations are essential to producing quality asphalt paving materials. From aggregate stockpile management and material handling to process control and equipment maintenance, learn what it takes to keep an asphalt plant running at its best.

This CQP course is designed for asphalt production personnel as well as owner/agency personnel that are involved with projects where asphalt materials are specified.

3:00 - 3:45 p.m. - Black River Room

CQP Session - Paver Operations

Efficient asphalt paver operations are essential to producing a quality asphalt pavement. From screed adjustments and joint construction to process control and equipment maintenance, learn what it takes to pave a durable, long-lasting, smooth road.

This CQP course is designed for asphalt paving personnel as well as owner/agency personnel that are involved with projects where asphalt paving is specified.

These CQP courses are being offered as part of the pilot program with MDOT and will be credited to any future requirements.

4:00 - 4:45p.m. - Black River Room

Asphalt-The Quiet Pavement

Speaker: Wayne Jones, P.E., District Engineer
Asphalt Institute

Highway traffic noise is an increasingly important issue in the U.S. As traffic volumes increase, noise levels increase. Many communities are seeking to improve quality of life by reducing environmental noise. Find out how asphalt can help!

5:00 -7:00 p.m. - Swan Creek/Saginaw Rooms

Reception

This event is put on with the help of our sponsors and is always a very enjoyable way to kick off the conference. It's a great time for networking, enjoying time with your industry associates and viewing the Vendor Exhibits.

Wednesday, February 10, 2010

7:30 - 11:00 a.m.

Registration Open

Registration will be open for assistance with your conference needs.

7:30 - 8:30 a.m.

Breakfast / Trade Show Open

Exhibits will be open during the breakfast hour.

9:00 - 10:30 a.m.

General Session - Entertainment Hall

MDOT Perspective:

Speaker: Kirk Steudle, Director
Michigan Department of Transportation

Mr. Steudle will review the 2010 MDOT program, future funding and other department initiatives that will impact Transportation in Michigan.

"Asphalt - Delivering Value Through Quality and Sustainability"

9:00 - 10:30 a.m.

General Session - Entertainment Hall

Keynote Address:
"Funny On Purpose"

Speaker: Damian Mason

Damian Mason has been a professional speaker, corporate event entertainer, and author since 1994. He's logged over 1,100 appearances, entertaining crowds in 49 states and 7 foreign countries. Raised on an Indiana dairy farm, Damian is a successful business owner and a former sales rep for a Fortune 500 company who understands business fundamentals.

Funny On Purpose is a hilarious presentation with a serious point: remember your business purpose. Often, companies and employees drown in their own processes, procedures, people issues, policies, and problems. Damian is sure to entertain, while reminding people of their reason for being in business and their responsibility to the customer.

11:00 - 11:45 a.m.

Educational Sessions

Track A: Black River Room

HMA Ultra-Thin

Speaker: Tim O'Rourke, Manager
Roscommon County Road Commission

HMA Ultra-Thin is the High Value Pavement Enhancement that extends a pavements life, protects the pavement structure and restores smoothness. Come and hear the "Why" and "How" Roscommon County has used HMA Ultra-Thin as a vital part of their road program.

Track B: Three Fires Room

Black and Green

Sustainable Asphalt, Now and Tomorrow

Speaker: Mike Kvach, V.P., Product Deployment
National Asphalt Pavement Association

Asphalt is the most recycled material in America. Long before "sustainability" became an eagerly pursued part of the American business plan, the asphalt industry initiated research and field practices that have constantly enhanced the viability of asphalt as an environmentally sound building material. Find out how asphalt pavements provide sustainability benefits. through the use of Warm-Mix Asphalt, Perpetual Pavements, RAP and Porous Pavements.

12:00 - 1:00 p.m.

Lunch - Swan Creek/Saginaw Rooms

1:00 - 1:45 p.m.

Educational Session
